number of local churches. The mayor of Throckmorton is Will Carroll. Throckmorton is a community that is certainly deserving of an FM service. The proposed Channel 277C3 will provide additional diversity and an outlet for local self-expression to Throckmorton residents and therefore is in the public interest.

In order for Channel 277C3 to be allotted to Throckmorton, Texas, the reference coordinates for the vacant allotment, Channel 275A at Goree, Texas must be relocated and station KCDD Channel 279C at Hamlin, Texas must be reclassified from a C to a C0. (See, Attachment A, Request to Reclassify Statement for station KCDD/ Hamlin, Texas)

Attached hereto is a channel study confirming that Channel 277C3 can be allocated to Throckmorton, Texas, consistent with the FCC's FM separation rules provided the changes are made at Goree, Texas and Hamlin, Texas. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment B) Note: KESN Channel 277C/ Allen, Texas' CP license to cover was granted on 2/20/04. (See, Attachment C)

Reference coordinates for Channel 277C3 at Throckmorton, Texas are:

33 13 00
99 21 00

In order for Channel 277C3 to be allotted at Throckmorton, Texas, the reference coordinates for the vacant allotment, Channel 275A at Goree, Texas must be relocated. Attached hereto is a channel study confirming that the reference coordinates for Channel 275A at Goree, Texas, can be relocated approximately 10.82 km Northwest consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment D)

Should this petition be granted and Channel 277C3 be allotted to Throckmorton, Texas, Petitioner will apply for Channel 277C3 at Throckmorton and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,
